VOLUME XXXIV — ALBANY, CALIFORNIA — Wednesday, July 16, 1969 — 150 — NUMBER 45

THE QUEEN IS WED (again!) Some years ago Joyce Alderson was selected Maid of Albany and gave up her title to be married. We ran a picture of the bridal couple with the new Maid captioned "The Queen Is Wed—Long Live the Queen." Well, folks, history repeats and the 1968 Maid of Albany, Donna Speyer, eloped last week with her longtime fiance, Neil T. Bair, whose parents live on Albany Terrace, and we have a new Maid Julie Rotramel, daughter of the George Rotramels of 711 Key Route Blvd. Tried a couple of times Saturday to contact Donna and Sue without success, but watch the Times—we'll catch them yet!

ALBANY DAY at the Alameda County Fair in Pleasanton was an altogether pleasant afternoon and evening for those who didn't attempt to pick winners at the races. It was a day for long-shots and most of us played it safe (?) and picked favorites. The bus was not full, but it proved a delightful way to go. It was parked behind the Court of Four Seasons almost adjacent to the track. Albany's Fair Director Johnny Pleich was on hand with his lovely wife, Mary, who has had serious back trouble for years and was in agony as a result of a rear-ender accident on Santa Fe and Solano. She credits her seat belt with keeping her from flying through the windshield.

AS IF City Attorney Larry Sailer doesn't have enough to worry about with all of Albany's legal entanglements! His beautiful home at 724 Cerrito was ransacked July 9 and he's still trying to determine the amount of loss. So far, he knows the stereo, portable TV, a clock-radio, miscellaneous coins, shoes and jewelry of undetermined value were stolen.

ALBANY POLICE OFFICER Chester Seilert was attending the County Fair July 5 (off duty, of course), when he spotted two teenage boys attempting to take a belt from the western exhibit. Trying to apprehend them, he was kicked in the lower stomach severely that he had to be hospitalized in Albany hospital.

ISN'T IT THE TRUTH? Life can be tolerably pleasant if you have good health, good friends and something to look forward to.

CAN'T SAY we were exactly inundated with responses to our suggestion last week that everyone in Albany stop smoking. We had only two responses, one by writing (see Mail Bag) and one by phone. Jean Rutherford thinks it's a fine idea, suggests that we take the money we save and invest it in after-school recreation. Told her (in all sincerity) we were thinking of saving it to pay the tax bill.

SPEAKING OF TAXES, that tax assessment notice is something else. We totally agree with the Tribune's Sunday editorial that IF County Assessor Don

Public Hearing on School Budget Tuesday, Aug. 5

According to the agenda for last night's Board of Education meeting, the public hearing for the budget for the 1969-70 school year will begin at 7:30 p.m. Tuesday, Aug. 5, in the Board Room, 904 Talbot Ave.

The publication budget was to have been considered last night for printing in the Times July 30.

Other items on the lengthy agenda included a letter from W. E. Bohn, attorney, retained by Albany Homeowners' and Taxpayers' association in an attempt to obtain a copy of the schools 1968-69 working budget; the annual dropout report prepared by the Dean of Students at Albany High school; bid opening for a relocatable classroom at the Children's Center; quotations for liability insurance for the district; awarding the bid for electrical rehabilitation; intra-budget transfer; sale of a tax anticipation note for $250,000; consideration of an elementary school counselor; painting exterior woodwork at Albany High; adoption of textbooks for AHS for a Family Living Course; schedule for the school year 1969-70; resignations, leave and appointments; application for federal funds; continuance of inter-district attendance agreements; and on Elementary Summer school, currently being attended by 575 students.

Previous Meetings

Minutes of meetings of June 10 and 17 were included with the agenda.

High lights of those sessions included a $1,500 increase in the annual salary of Superintendent Kenneth M. Forry, bringing it to $22,500 beginning with the 1969-70 school year.

When Mrs. Jeanette Rutherford asked how the board can justify the increase, board members called attention to the necessity to attract and hold competent administrative and supervisory personnel, that the services of Forry during the past 12 years are worthy of recognition and in keeping with Board practice efforts to keep salaries in line with neighboring districts and positions of similar responsibility. They said that even with the increase, Forry will not receive as much as those serving Emeryville or Piedmont and less than the administrative officer of the City of Albany who has responsibility for supervision of fewer personnel and a smaller budget.

Also discussed was the apparent futility of supporting Assembly Bill 1054, which would provide financial assistance for University Village, after Caspar Weinberger of the State Finance Department said he would not recommend passage of the bill.

The Board approved entering into a contract for after-school recreation with the City of Albany in the amount of $515, and another agreement with Albany Methodist church for continued use of facilities there in 1969-70.

A letter of commendation was approved for Wilfred R. Treacy, who is retiring after 42 years in the teaching profession, 24 years in Albany. He has been in the business education department at AHS.

A leave of absence was granted Mrs. Vida Weiner, teacher at Cornell school, and life diplomas were authorized for Mrs. Phoebe Johnson, teacher at Marin school, and Mrs. Joanne Commanday, foreign language teacher in elementary schools.

Clifton Erickson was hired as vice principal of Albany Adult school, part time, and Mrs. Shirley Carson was named acting director of Albany Children's Center.

A tentative budget was adopted with a recommended tax rate of $4.65 general purpose and 92 cents restricted tax including 2.2 per cent increase as authorized by the Education Code.

R. J. Kennedy Speaker For AHTA Tonight

R. J. Kennedy of Penryn, Calif., who has started proceedings to put an initiative measure on the ballot next November to repeal section 2075.1 of AB272 which authorizes school districts to set their own tax rates beginning in 1971, will speak at a meeting of Albany Homeowners and Taxpayers at 8 p.m. tonight at Albany Chamber of Commerce, 1108 Solano.

Also scheduled to appear is Mrs. M. V. Jones, who is assisting Kennedy in his attempt to obtain 325,173 valid signatures on petitions in the next 90 days.

Mrs. Jeanette Rutherford, AHTA president, said it would be taxation without representation if the voting public loses its right to vote on school financing. The organization plans to circulate petitions in Albany.

Beautification Committee Beginning New Year

"Let's all join in building a finer city." This was the theme last week as the Albany Beautification committee kicked off the 1969-70 year.

Seated for the current term of office were Carl MacWilliams, chairman; John Duncan, vice chairman and Ray Young, secretary.

First to respond to the new theme was the Albany Camera club.

Under a proposal by their members, they would photograph the city's beauty spots and colorful homes.

From this collection of films, a special slide program would be assembled. The 20-minute to half hour picture story would then be available, free, to clubs, churches or any interested local organizations.

John Duncan, vice chairman is in charge of the project. Completion date is tentatively set for early fall.

Completing a study of some two months, the committee voted to proceed with a proposal to establish a beautification slogan.

For this, local residents will be invited to participate in a contest planned for the near future.

Assisting this event will be a number of Albany merchants who will contribute prizes to be awarded winners.

Heading the activity will be Dario Meneketti.

Rules are now being drafted and will appear soon in the Albany Times.

In other action it was voted to expand the present policy of making unsolicited awards to those improving property or homes.

These awards result from recommendation of committee members to the full membership.

Awards will be made by the mayor.

Althea Ippolito heads the residential areas. John Mahshi is in charge of commercial and industrial properties.

Following the first meeting, the new chairman expressed complete satisfaction. "After observing the attitudes and enthusiasm demonstrated by our members at the last meeting, I'm confident the committee can do a fine job," said MacWilliams.

Carl MacWilliams

The chairman also reported exploratory meetings are scheduled with Chamber of Commerce representatives. From these conferences it is anticipated, will come constructive, realistic proposals to make our community even finer.

MacWilliams also reported committee policy may carry them into many areas heretofore not considered.

If so, it is only natural their work will require joint study by some city departments and committees.

"If our committee members, while performing their normal duties, encounter something that could be improved we shall try," added the chairman.

Council

Suit Against Albany Taken Off Trial Calendar

Albany City Council learned Monday night that the suit brought against the city by the Save San Francisco Bay group and Sierra Club has been taken off the trial calendar "pending developments."

The communication from Attorney Sherman Sullivan to City Attorney Larry Saler said there would be no trial for at least 90 days.

The suit asked the court to stop filling of the bay in Albany and that the city remove fill already placed in the bay.

Zahn Letter Draws City Council Fire

Following the reading of a letter from Kathie Zahn critical of Administrative Officer James B. Turner (see letters today), Albany City Councilmen to a man Monday night came to Turner's defense.

The letter, complaining that Mrs. Zahn could not obtain a copy of the preliminary city budget without paying for it and referring to Turner as a "king," prompted Mayor Richard Clark to say that obviously in 1961 the people of Albany decided they didn't want a "queen."

Councilman Joe Carlevaro said, "It is disgusting to have a letter such as this read." He said Turner serves the community in the dual role of administrative officer and city engineer, adding that Mrs. Zahn keeps Turner and other city employees busy on the phone day in and day out. Turner's salary is no secret, he pointed out.

"I hope this is not the start of another of those vindictive attacks," Carlevaro said. "Every member of this Council has bent over backwards to please Mrs. Zahn. This is uncalled-for. I hope she doesn't write any more letters like this. She's not a privileged citizen of Albany. This is an unwarranted attack on a very dedicated individual who is here at the pleasure of this Council. . . . He's done an exceptional, outstanding job. Mr. Turner, let me take my hat off to you this evening. I appreciate the job you're doing for the City of Albany."

Councilman Lewis Howell said every letter addressed to Council and signed should be read, but he said Turner is a hard-working executive.

"I don't think many in Alameda County puts in the hours he does," Howell added. "He does two jobs and if they were separated as they are in many cities, we'd have to pay more than we do today."

Clark said he feels it is unfair to use the Council to attack an individual. He said people should note who signed the letter, a person who spends hours on the phone bothering Turner and other city employees with her private problems and private wars.

The mayor said the preliminary budget is a public document on file at the city clerk's office, that according to the charter and government code it should be available for inspection and those wishing copies should pay. "If we had to publish the preliminary budget for every person in Albany, the cost would be prohibitive. . . . The complete budget will be published," he said.

Councilman George Hein said Turner "is the greatest thing that ever happened to Albany. . . Council sets salaries. . . . I resent the letter. . . ."

Councilman H. F. Call said he admits Turner is the city's highest paid employee, but he puts in 14-16 hours a day. He said Turner should be given even more credit because he has to drive so far to and from work.

"When you pull out the truths in this letter, other than the vindictive," Call said, "it actually builds the man up. . . . It's a terrible thing to write a letter of personally vindictive things. . . ."

Mayor Richard Clark reported on the hearing concerning four proposed Bay Conservation and Development bills before the Senate Finance committee in Sacramento last Thursday, when authors were asked to get together and come up with one bill. This could happen tomorrow, according to Clark.

Clark also said that prior to the public hearing he learned of a letter written by BCDC Chafrman Melvin Lane to members of the board, indicating that the four bills presented in Sacramento go far beyond what BCDC anticipated and that inland control aspects would antagonize cities and counties affected.

Clark said he would not guess what the final outcome will be, but that he would be in Sacramento when action is taken.

Councilman H. F. Call announced that Albany Homeowners and Taxpayers are having an important meeting at the Chamber of Commerce office, 1108 Sodano Ave., at 8 p.m. tonight, to hear Mrs. M. V. Jones, assisting with a project to circulate petitions to put a measure on the November ballot to repeal section 2071.1 of Assembly Bill 272, which bill authorizes school districts in California, beginning in 1971, to set their own tax rates without submitting same to the voters.

In other matters Monday night, Council:

HEARD Christopher Burdick, attorney for Albany Civil Service club, disagree with an opinion by Saler that the civilian dispatch-clerk in the police department comes within the City Charter. He said that in his opinion the charter specifies the person in the position should be classified under civil service and that Mrs. Nancy Ramos, the clerk, does not qualify.

Council directed Saler to render a written opinion in light of Burdick's presentation.

REFERRED to the Planning and Zoning commission the problem caused on one piece of property which is half R-3 and half R-1250 in the zoning ordinance (Council feels the zoning is in error); to Park and Recreation officials and commission, a request for removal of trees at 537 Talbot; to the Traffic and Saety commission, a letter from Harold Lindberg (see letters today) regarding bicycles in Albany, and to the T&S commission, a letter from Mrs. Patricia Berglund of 755 Taft complaining of excessive speed and posted limits on Marin Avenue.

VOTED UNANIMOUSLY to continue the practice of having city and school elections at the same time when interest is high in response to a held-over request that a charter amendment change dates of school board elections.

APPROVED Police Chief Ralph

BERKELEY 'LIVE OAK ACORNS' ACTIVE GROUP

Thirteen years ago an idea became a reality. It was then a suggestion was made by a handicapped person to the Berkeley Recreation and Parks Department that the handicapped might enjoy using the facilities of the Recreation Center.

The idea was developed. Now this department together with the Berkeley Committee for Recreation for the Adult Physically Handicapped, Inc., co-sponsors each Thursday from 10 a.m. to 2:30 p.m. a full and varied program to meet the needs of members.

Meetings are held at Live Oak Park, and the group has chosen to call themselves the Live Oak Acorns. Following this theme further the members issue semi-annually "The Acorn Times" in which they take great pride as it is made up primarily from member contributions. This project has stimulated considerable latent talent and has led to more advanced and even remunerative writing.

Morning hours are given to various arts and craft projects and other pursuits and hobbies under the direction of Program Director Miss Margaret Van Boven and her volunteer helpers. During the afternoon there are programs such as travel slides, outstanding guest speakers, games and parties, book reviews and bridge. In addition to these weekly recreational programs there are special field trips planned in the sumer, and the group is taken each year to the annual Spring Flower Show.

There is real community involvment in this fine project as is indicated by the generous contributions from both social and service organizations. Transportation is provided by Berkeley and Alameda Red Cross station wagons, the city car and Volunteer Bureau bus, interested individuals and family members of the handicapped. The Berkeley Public Library has been most cooperative in lending books to the "Acorns," working with Miss Helen Seely, who regularly collects several volumes selected by the library or that have been requested by individual members. These are brought to the Recreation Center for the members to tak home to be rad at lisure.

A few brief quoted statements by participants will best emphasize the meaninfulness of the program:

"It meant a new life to me."

"It keeps us alert mentally and physically."

"I like it because it has a dignified atmosphere."

"My heart is glad that I can come here once a week."

"I never met such nice people."

Anyone interested in further information about membership please phone Miss Edith Epler, 534-9724. She will be glad to discuss necessary procedure.

Those interested in volunteer work with the "Acorns" should telephone Mrs. Spencer Fay Jones at 848-1474.

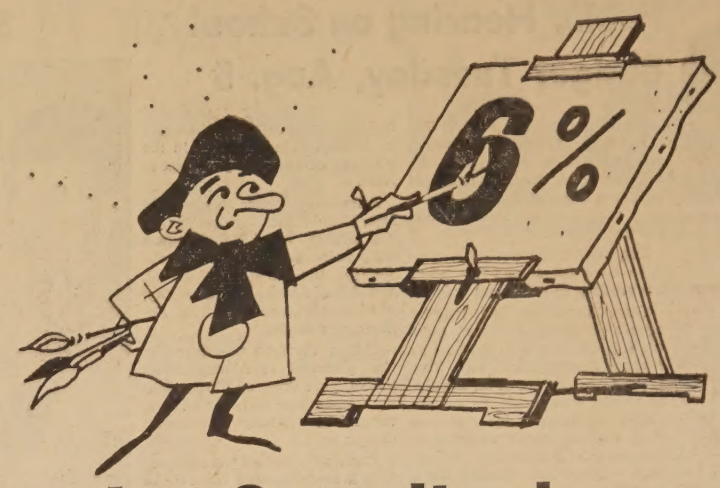
CONFUSED?

THE SECURITY KNIGHT STRIKES AGAIN!



Let Security draw you a picture of how to get a 6% interest yield on your savings —or— 5¼% interest every 90 days.

Here is all you have to do:

1. First, come in to one of Security's nine Bay Area branches and open one of the new 6%, five-year accounts. We will take care of the details, including free transfer of funds.

   This new account **guarantees** you a minimum 5¼% interest rate for the five years that your money is on deposit. That 5¼% left in your account to accumulate during the five years, provides you an average annual interest yield of 6%.

   If you're mathematically inclined, the equation would break out like this:

   Deposited: $3,845.70 × 5¼% interest rate, compounded daily, for five years = $5,000.

   Thus, you've earned $1,154.30 interest on your investment of $3,845.70.

2. But here is still another pretty picture . . . If you would rather have regular "dividends" on your investment, Security can mail your 5¼% interest checks every 90 days.

3. Okay, you say, what's the catch? Well, there are a couple of things. These accounts can be opened only for deposits of $1,000 or more. Further, the principal can be withdrawn **only** in cases of emergency, subject to mutual agreement between you and our branch manager. If withdrawals are made at the end of a quarter, however, you lose no interest on the amount withdrawn.

4. The 5¼% guaranteed interest rate is available in 3, 4 and 5-year terms.

5. Finally, if you prefer savings accounts where you can make regular deposits or have "instant" withdrawal privileges, come in anyway. Security pays 5% interest on all regular accounts from the date of deposit to the date of withdrawal — even if your money is only with us for one day.

So there you have it: 5%, 5¼%, even 6% accounts. A pretty picture, eh? Color them green.

And by the way, when you talk to our branch manager — either today or tomorrow, we hope — ask about our many free services. After all, there's an art to our success.

All branches open 9 to 4 Monday through Thursday, 9 to 6 on Fridays

Berkey Lee Sponsors Girl in Program

Carlene Crisler, a 15-year-old sophomore at El Cerrito High school has been selected to participate in "Volkswagen's Annual Youth Exchange Program" and will visit West Germany for an eight-week period this summer. Johnny Lee, owner of the authorized Volkswagen agency at 718 San Pablo Ave., Albany, is sponsoring Carlene's participation in this year's program.

The VW exchange program was initiated in 1962 and involved the exchange of two American students and two German students. Since that time the exchange has grown to 35 American and 35 German high school students exchanging homes. The program's purpose is to build bridges of understanding between the youths of the two countries.

The selection was made from among students attending El Cerrito High school. The daughter of Mr. and Mrs. Carl Crisler, Carlene left for West Germany on June 29.

They don't like what's happening in other cities and if they can possibly afford it, they'll take almost anything just to come here. We have requests almost daily for rooms, apartments, houses, garden cottages—name it. If you have space available and you're not advertising it, you're making a mistake. Copy of letter to
Mayor and City Council:

Some oragnizations select slogans, which they think represent their city.

Someone said that when "Gateway to . . . " is part of a slogan, the organization is subconsciously aware or otherwise that the group is incapable of selecting and agreeing on a specific localized attribute.

If a good slogan would be selected for Albany, it could not now be "Bicycle City."

Homestead, Florida, is so known.

Year round bicycling is possible in Albany. Yet the city does not have a community-wide campaign to promote bicycle safety, not even a partial one.

We have the Blind Orientation Center, the Senior Center and the unaware, untrained bicycle riders who need consideration.

A sprawled bicycle is a signaling symbol of an uncorrected habit.

Instead of showing resentment at a bike lying on a walk, feel sorry for the youth, his or her parents and the public.

I have researched what communities and organizations are doing. By contrast, Albany is lax.

Since I am aware of the need of bicycle safety regulations and continuous attention, I feel it is my duty to bring this important subject to the attention of the Albany City Council for prompt consideration and action.

The National Safety Council has a model Traffic Ordinance regarding bicycles.

When reading it, you would learn that "No person should ride a bicycle upon a sidewalk within a business district." In Albany, this means no riding on Solano or San Pablo sidewalks.

Another precaution is in part, "No person shall operate a bicycle unless it is equipped with a bell . . ."

During the nearly 19 years we have lived in Albany, I do not believe that I have heard a dozen bells on bikes.

Every bicycle should have a kick stand, which should be used.

Officials of major bicycle manufacturing firms have notified me that most bicycles, excepting special types such as racing, are equipped with kick stands.

These are only a few suggestions for instilling safety consciousness in the bike riders of Albany.

What this city needs soon is as basic as ABC . . . Albany Bicycle Code.

You will discover that this project is not a gateway to a pigeon hole or a round file.

Many organizations and communities, which have and are furnishing me with information, will in turn be notified what Albany intends to do and will be doing.

When iniating action, consider the older boys with their noisy, dangerous toys—the motorcycle.

Thank you for listening. A mature group does not resent well-founded suggestions.

Editor, the Times:

Is the voice of the great Silent Majority ever to be heard?

You have all received "Notification of New Values" from the County Assessor. The first thing to do is to be sure the Assessor's "full cash value" is correct (or at least not in excess of "market value"). If an error has been made, you have until August 26 to file an appeal with the Assessment Appeals Board.

However, if you are interested in paying LESS TAXES, it is the tax-spending bodies which must hear your complaint.

In the county and in many citis where budgets have already been adopted for 1969/70, it is too late to hear your objections. But school districts (which frequently constitute over 50% of your tax bill) do not normally adopt their final budgets until the first week of August.

Therefore, if you are really concerned about the amount of taxes you pay, write or phone your school district (unified and junior college) before it is too late. DEMAND that the tax rate be decreased from last year to compensate for the generous increase in assessed valuations.

Sincerely yours,
EDOUARD B. McKNIGHT
Executive Vice President
Alameda County
Taxpayers Assn.

Copy of letter to
Albany City Council:
Gentlemen:

With disgust I bring to your attention James Turner's LATEST underhand action. For the benefit of the Albany citizens "JAMES TURNER" holds the dual role as City Engineer and Administrator of the City of Albany; a Jack of all tra-des but master of none.

Since I am ALWAYS interested in the PROPOSED budget of the City of Albany, and since EACH YEAR Turner has tried VERY HARD . . . of course WITHOUT success . . . NOT to let me have one, I telephoned him as early as JUNE of this year to run one off for me. I reminded him every two weeks and EACH time he replied, that he would NOT forget.

You remember, when I asked him at the work session, when I noticed that all of you already had a copy, when I could get mine, he replied: "Tomorrow after lunch."

However, when I telephoned this Tuesday after lunch that I was going to come down to pick my copy up, I was informed by one of his employees that he had left a message for me, namely:

1) I could look the budget over at the counter;

2) Or, if I wanted to have one to take HOME, that I would have to PAY for it. That he had run off only enough for the council members, department heads and the PRESS.

Since the PROPOSED budget contains more than 96 pages plus the letters, etc. at 10 cents per pag-e, one is expected to pay about $10-12.00.

It must really be a CHOICE piece of information, that HE is trying to HIDE from us, the citizens of Albany. He KNOWS that I will TELL the citizens of Albany about ANY 'HOT potato' that I find in there. I wonder, what it takes for that man to LEARN THAT HE CAN NOT SQUASH ME BY THROWING HIS WEIGHT AROUND LIKE HE DOES WITH OTHER PEOPLE.

As the HIGHEST paid employee of the City of Albany with a MONTHLY salary of $1868.00 plus car allowance; he did NOT blink one eyelid but RAISED his OWN salary to $1915.00 per month last February, when our other employees got a 2½% raise. He does NOT live in Albany . . . even though he had many years to move here . . . but live-s FAR OUT on the OTHER end of Alameda County; and he becomes more and more brazen AS TIME GOES ON.

Now, gentlemen, I am POSITIVE that it was NOT YOUR RULING "that we, the citizens, have to PAY for a copy of the 'proposed' budget. Many people here including myself are FED up by the way Albany is RUN by ONE MAN."

If the citizens of Albany wanted to be governed by a 'K I N G' they would have provided for it in our city charter.

My family enjoyed the fourth of July celebration at Albany Memorial Park. It is good nowadays for folks to have an old fashioned Fourth to attend.

It is possible for a family to have a fabulous day in Albany free of charge, which I would like to encourage by adding a check for $10 to the funds for next year's celebration.

If you could use help in preparation of the participation events, I am also experienced.

Editor, the Times:

Saw your item in the Albany Times of July 9th about Albany being the second city in the United States to become a non-smoker city.

I'd sure be interested, and might even be able to quit if there were others trying. I get so disgusted with myself for not being strong enough to do this, but I enjoy it so much.

I haven't any constructive ideas about this, but there should be some incentive or compensation besides all the logical reasons.

I would be interested to know if you receive other replies from your item, and if anything might be done.

Editor, the Times:

I've never written a letter to your paper before to express an opinion, but something comes to mind this week which concerns us greatly.

The camphor trees on our block have been marked for being destroyed and replaced by bushes. The rumor has it that the Council passed on this and is this a time again when the Council tells us citizens of Albany what is to be done without consulting us?

Grant you, the leaves fall in May and October and may be a nuisance to some people; but we purchased our home specifically because of the beautiful shade trees on the block. True, the shrubs can grow up, but do we do without the benefit of beauty while they grow. Why not start a spraying program on the trees instead or something to that effect?

The trees to be destroyed are marked by a white mark on the city street, and almost all the trees on our block are so designated.

When I water early in the morning, and I mean EARLY, the birds are in and out of the trees —their homes are there in the trees and are generally resting places for them en route to other areas. What will become of our wildlife? Will our gardens become more infested with insects because of the inbalance of nature (even though we spray)?

One concerned citizen,
MRS. ALICE PAGTER
818 Ramona Avenue

W LOOK IN LIBRARIES SCUSSED AT MEETING

Helen Cyr, director of in- ual media for Oakland Schools, discussed the new school libraries at Mac- school.

ibrary, she said, is not place for books but now strips, art prints, phono- ecords and tape recorders. ul of children using the ine day a week, they are ged to use it as often as All materials are avail- them to check out. They ouraged to learn to check r own materials, use the talogs and become famil- esponsible for the media. Cyr said that in areas hildren have had more n to use the library, the children read more and the incidence of material lost or damaged has been very low.

Those attending the meeting were teachers, parent volunteers and members of the Citizns' Advisory Committee.

While mothers attended the meeting, children were watched on the playground by three high school volunteer baby-sitters, Joni Allesandro, Sue Luoma and Bonnie Durand. The children enjoyed the sitters and the sitters seemed to enjoy the children. The group has expressed thanks to the girls.

Message to Newcomers In City of Albany

Have you lived in Albany less than two years? Do you want to meet other interesting couples who are also new to the city? Or the mayor, councilmen, other leaders in the community?

Members of the Albany Lions club and Soroptimist Club of Albany are interested in sponsoring a Newcomers' Club if there is sufficient interest in such an organization.

The two groups will set a date and a meeting place and do everything possible to help with the formation of the club. You elect your own officers, decide how often and where you wish to meet, call on the sponsors for help with speakers if you desire but once you're launched, you're on your own.

There is absolutely nothing commercial in this project — only a sincere desire to help newcomers to Albany feel at home and quickly find friends.

Albany Lions Club
Carl MacWilliams, Chairman

Soroptimists of Albany
Dorothy Larimer, Chairman

Interested in Newcomers' Club?

Yes, I (we) would be interested in an Albany Newcomers' Club. Please notify us when and where the organizational meeting will be.

end your ice follies.

Get a no frost refrigerator-freezer.

Nobody has to do the old song and dance with sloppy, melted ice anymore. Nor the pushing and shoving and chipping and cracking that went with defrosting ... along with spills on the floor. So why do it?

New refrigerator-freezers don't form frost—anywhere. And with no frost, there's no defrosting chore. New thin-wall refrigerator-freezers provide more storage space in the same floor space—they're bigger inside but no bigger outside. And automatic ice-makers make ice trays bother a thing of the past.

See your dealer for a no frost refrigerator-freezer and end *your* ice follies forever.

ENGAGED—Mr. and Mrs. Herbert (Jack) Seymour of Evelyn Avenue, Albany, have announced the engagement of their daughter, Muriel Jerene, to John (Jack) Dempster of Albany, son of Mr. and Mrs. Leonard Wiggs of Troutdale, Ore. An Aug. 23 wedding at Epworth Methodist church in Berkeley is planned. The bride-elect, a graduate of Albany High school, is employed by Western Girls. Her fiance, a graduate of Reynolds High school in Troutdale, is a salesman for Pacific Wheel and Rim Service of San Leandro. A past president of Albany Junior Chamber of Commerce and former director of Albany Chamber of Commerce and a member of the committee staging the Albany Chamber of Commerce Art Show and Merchants Bazaar, he is now a state Jaycee director. Dempster was a member of the committee for the dedication of new city buildings in Albany and spearheaded a statewide Junior Chamber of Commerce campaign to obtain tax relief for state-impacted school districts such as Albany, which passed the Assembly and Senate, but was vetoed by the governor. —Dorothy Larimer Photo.

Well, we finally broke the barrier! Teams are shaping up for shuffleboard, and we may even offer prizes for the best shuffler, or is it boarder? Those of our members who availed themselves of the courtesy reservations to the Pleasanton Fair, at such a bargain price, through our own Chamber of Commerce, reported a happy time.

If you once lived on a farm there is always that urge to revisit the old haunts; to see the gloriously colored jars of jams and jellies, looking for all the world like bottled jewels, and to see if the cows stil give milk in the same old way. And the hams and sausages and cheeses, and the pigs and hens and 'geeses', and you wonder why these foods don't taste the same now out of stores.

If you played your cards right you could always manage to be on hand when the butter was made . . . not for the churning, but to enjoy all you wanted of that rich buttermilk, with hunks of golden butter floating throughout.

And how about turning up just in time to lick the dasher just as Uncle Joe has finished the homemade peach ice cream, that was waiting to be married to the best chocolate cake that ever was, covered with almonds or walnuts from your own trees. Those were the days, my friends!

Well, we'll have to 'make do' with our catered luncheon just before the Ogleby party on Tuesday, Aug. 5, and I am certain the coffee will be out of this world, served in our golden thermal pots. Better get your name in on time. Reservations will soon begin for the August trip, on Wednesday, the 27th, and the high point, of course, will be a personally conducted tour of the FBI, followed by a luncheon in Chinatown, at one of the fabulous dining spots. Call 526-3078 or 526-1601 for more information on this.

We are always open to suggestions for new projects that can be implemented at our Center, so don't let it 'bug' you. Come in and talk it over with us . . . we may both learn something. The Ice Follies on Wednesday, July 30, and Elmer's slides on Tuesday, July 29. Visitors welcome, non-members especially . . . run the vacuum once over lightly, grab a sandwich and come down for coffee with us. A bientot!

Albany Job's Daughters Attend Grand Bethel

On the morning of June 26, at 4 a.m., 13 Job's Daughters from Bethel 265, Albany, chaperones, and members of Bethel 319, Point Richmond, met at the Richmond Civic Center to board a bus to Long Beach and the annual Job's Daughters convention.

A side trip to Disneyland and a tour of the Los Angeles area freeways preceded their arrival at the El Rancho Motel in Torrance, and a midnight dip and walk to a nearby coffee shop for sundaes completed the day.

The formal opening of the session, presided over by Gayle Stiltner, Past Honored Queen of Bethel 265, and Grand Bethel Honored Queen, was held the next day at the Long Beach Arena.

A talent show that evening, in which Sue Luoma and Lisa Bell of the Albany Bethel participated, was followed by the announcement of the Grand Bethel officers for 1969-1970. Amid cheers and memories of last year when Gayle was announced Grand Bethel Honored Queen, the 10,000 people attending the convention saw Linda Bostwick, Past Honored Queen of Berkeley Bethel 52, chosen Grand Bethel Senior Princess. The new Grand Bethel Honored Queen is from Riverside.

Drill team competition in the morning, swimming, and the installation of the new Grand Bethel officers, at which Gayle Stiltner served as Installing Honored Queen, filled the next day, Saturday.

Early Sunday morning everyone boarded the bus and came home, thoroughly but pleasantly exhausted. The girls had looked forward to this weekend for a year, and were not disappointed. Convention will reconvene at the Coliseum in Oakland in June of 1970.

Girls from Bethel 265 attending were: Lisa Bell, Carrie Eichner, Sue Skinner, Lynn Worrell, Pat and Sue Luoma, Gayle Wightman, Debbie Goldman, Mary Thomas, Nyra Straub, Cindy West, Chris Perkins, who is Senior Princess, and Wendy Hoggatt, Honored Queen.

Chaperones were the Mesdames Jeff Eichner, Gene Hoggatt and Bob Luoma. Jeff Eichner also attended.
